

Leading Edge On-Premise Solutions Capabilities Statement

World-class experience and support: delivering turnkey, custom-designed and built, extreme-scale computing systems.

PSSC Labs is a woman-owned small business that provides hardware and integration solutions for HPC, Big Data, and other extreme-scale computing platforms.

All PSSC Labs systems are manufactured in the United States and supported by our US based technicians.

Core Competencies

SERVERS – Big Data, HPC (Deep Learning, AI), Database, Virtualization, Container, Storage

CLUSTERS – Big Data, HPC, Parallel Storage

TURN-KEY SERVICES – software installation, testing, delivery, and integration services

NAICS Codes

- 334111** Electronic Computer Manufacturing
- 334112** Computer Storage Device Manufacturing
- 334210** Telephone Apparatus Manufacturing
- 443142** Electronic Stores
- 541512** Computer Systems Design Services
- 541519** Other Computer Related Services
